

Artur Pas | CV

- » **Status:** Computer Science student: 2nd year at Uniwersytet Rzeszowski
- » **Tech:** HTML, CSS, JS, PHP, SQL, C, Java, Python, WolframMathematica
- » **Languages:** Polish – native, English – B2
- » **Loves:** Gaming, Programming, Self-development, Problem solving

» Profile

I am a second-year student of Computer Science at Uniwersytet Rzeszowski. I graduated from the technical school with the computer science specialization. During my high school studies, I did a month-long apprenticeship.

I am interested in programming, because I enjoy creating things and solving problems. I am also interested in computer games and learning languages. You can see my projects on [my website](#) or on [github](#).

» Experience

2018	Apprenticeship	Brammer S.A. Kolbuszowa
------	----------------	-------------------------

» Education

2021 - NOW	Computer Science	Uniwersytet Rzeszowski
	» Java	
	» Wolfram Mathematica	
2020 - 2021	Computer Science	Politechnika Rzeszowska im. Ignacego Łukasiewicza
	» C	
	» Python	
	» Electical Circuits	
2016 - 2020	Computer Science	Zespół Szkół Technicznych im. Bohaterów Września 1939 r. w Kolbuszowej
	» Creating basic web applications	
	» MySQL database management	
	» Networks administration	
	» Operating systems administration	
	» Build of a personal computer	

» Certificates

E.12 – Montage and ekspolatation of personal computers and peripheral devices
E.13 – Designing computer networks and network administration
E.14 – Creation of internet applications and databases and database administration
